

## NOW AND FROM NOW ON

you got dreams  
they are closer than it seems  
you got plans  
got to keep 'em in your hands

take a stand  
got to make 'em understand  
you mean action  
instigating chain reaction

'cause baby baby  
now and from now on  
it's your time it's your time  
now and and from now on

now and from now on  
the world is yours the world is mine  
now and and from now on

like i said  
i got you your back just go ahead  
i got love for you baby  
it's a yes not no or maybe

i'm on your side  
i got the ticket for the ride  
we got dreams  
they are closer than it seems

you start with imagination  
get over your inhibition  
and then you take the first step  
before you take the second one  
don't you just love anticipation  
the promise of a new creation  
it ain't easy but it's not that hard  
if you believe that you can start it

take the first step and then you take the second one

' cause baby baby now and from now on  
it's your time it's your time  
now and and from now on

now and from now on  
the world is yours the world is mine  
now and and from now on

## AS IF

so i put my feet into the warm sand  
watching beautiful people walk by hand in hand  
they all seem happy having a lot of fun  
and i pick up my book to read chapter one  
and there it goes

hi how are you what's your name  
where are you from how long to you stay  
hi how are you what's your name  
where are you from how long do you stay

do you like rio  
do you like rio  
voçê gosta do rio

so i go to the museum of modern art  
to do some cultural stuff to play my tourist part  
there approaches mister intellectual  
he wants to chat me up i could tell  
and there it goes

hi how are you...

and i am always walking  
as if i knew my way  
i am always walking  
as if i knew my way  
i cross the streets by red light  
don't wait as the tourists do  
i've taken off all my band aids  
no more bruises from the summer shoes  
and my skin is getting darker day by day  
and i am always walking as if i knew my way  
i am always walking  
to avoid the usual

hi how are you what's your name  
where are you from how long do you stay

oi qual e seu nome  
de onde e você  
quanto tempo vai ficar  
você gosta do rio  
eu gosto de você

ME FE TAN PLIJI

me fe tan pliji, me fe tan pliji  
me fe tan pliji, me fe tan pliji

i'd like to swim in the ocean  
like to swim in the ocean  
like to be in the deep blue sea

but all i have is a river  
all i have is a river  
much too wild and too cold is he

the ocean is far away  
the ocean is far away  
it's all the way down in marseille

and if i jumped in the river  
if i jumped in the river  
he'd take me down to the deep blue sea

what i have ain't what i want  
and what i want i do not have  
what i have ain't what i want  
and what i want i do not have

hey now i float down the river  
now i float in down the river  
who thought how much fun this could be

i want to start this all over  
want to start this all over  
go back to the top of the valley

hey marseille see you next season  
i found myself a reason  
i found myself a good reason to stay

hey marseille see you next year  
i think i'm gonna stay right here  
gonna stay right here in my valais dear

me fe tan pliji  
ovalé bavalé  
me fe tan pliji

#### DON'T GIVE UP ON ME

don't you give up on me  
i just need a little bit more time  
don't you give up on me  
and i promise i'll be fine

do the right thing follow my heart  
let it go make a new start  
it's not easy to  
do the right thing follow my heart  
let it go make a new start  
it's not easy when it hurts so bad  
but i'm begging you  
until i get over my pride

don't you give up on me  
i just need a little bit more time  
don't you give up on me  
and i promise i'll be fine

do the right thing follow my heart  
let it go make a new start  
it's not easy to  
do the right thing follow my heart  
let it go make a new start  
it's not easy when it hurts so bad  
but i'm begging you  
even if i hate you

don't you give up on me  
i just need a little bit more time  
don't you give up on me  
and i promise i'll be fine  
over time i'll be fine  
over time i'll be fine

#### FEEL A LITTLE SORRY FOR YOURSELF

why don't you go why don't you why  
don't you go and feel a little sorry for yourself  
why don't you go why don't you why  
don't you go and feel a little sorry for yourself

yeah yeah yeah what else is new  
yeah yeah yeah what can you do

yeah yeah yeah whatever  
someone's always got it worse than you

if the tension gets all your attention don't let the pain ache in vain  
feel a little sorry for yourself  
if you're at it to ruin your credit why not just do as i say  
feel a little sorry for yourself

I'm the institution  
to give you the absolution to feel  
a little sorry for yourself

why don't you go why don't you why  
don't you go and feel a little sorry for yourself  
why don't you go why don't you why  
don't you go and feel a little sorry for yourself

recession special 24/ 7  
cocktail hour from 3 to 11  
take full advantage and feel  
a little sorry yourself

if hope is all that you've got  
you sure know that ain't a lot  
who else will if not you  
so the least that you can do  
is feel a little sorry for yourself

I'm the institution  
to give you the absolution to feel  
a little sorry for yourself

WHERE IS HOME

where is home  
where do i belong  
where is home  
where do i belong

gotta say goodbye  
to say hello  
and to arrive  
first gotta go

do i go east  
do i go west  
don't know no more  
which way is best

i don't know how  
how is it so  
but home is never  
the way i go

home is where my heart is  
but my heart is here nor there  
my is heart anywhere  
my is heart anywhere

i love you both  
i love you dear  
i love you more  
when you're not near

and if i stay  
for a bit too long  
in just one place  
i feel i don't belong

and if stay  
just one more day  
my heart will burst  
gotta go away now

home is where my heart is  
but my heart is here nor there  
my heart is anywhere  
my heart is anywhere

and so i long  
to know where i went wrong  
and so i long  
to know where i belong

where is home  
where do i belong  
where is home  
where do i belong

#### LET ME EXPLAIN

i know that it takes time  
for things to get refined  
i know that it goes slow  
for love to grow  
yet today i think that what i feel for you couldn't get any stronger  
only to find out tomorrow that i couldn't be possibly wronger

and i know that you know know that you know  
know that i know know that i know  
know that you know know that you know  
know that i know

let me explain to you  
that all you have to do  
is just to ask me and i will stay  
let me explain to you  
that all you have to do is just to ask me  
and i will stay forever and another day

we haven't seen the winter yet  
we haven't felt the cold  
but baby i'm not scared at all  
to show my soul unfold  
you say bein' in love so deep is dangerous  
it can cause a lot of pain  
i say you can live your life to the fullest  
or you can live a life in vain

and i know that you know know that you know  
know know that i know know know that i know  
know that you know know that you know  
we both know that this is the real thing

no need to explain to you  
that all you have to do is just to ask me and i will stay

no need to explain to you  
that all you have to do is just to ask me  
and i will stay forever and another day

## TEMPTATION

rusted brandy in a diamond glass  
everything is made from dreams  
time is made form honey slow and sweet  
only fools know what it means

temptation, temptation, temptation i can't resist

i know that she's made of smoke  
but i've lost my way  
she knows that i am broke  
so that i must play

temptation, temptation, temptation i can't resist

dutch pink and italian blue  
she is there waiting for you  
my will has disappeared  
now my confusion is oh so clear

temptation, temptation, temptation i can't resist

## TRUST YOU

i found a hair on the floor  
lying there  
i could swear  
that i saw it before

black thick and strong  
what's goin' on  
it's not mine  
mine is fine  
it's lying down there on my floor

i just don't know if i can trust you  
i just don't know if i can trust you

you say what do you mean  
makin' a scene  
it could as well have been you  
who dragged that hair in on your shoe

you say what do you mean  
makin' a scene  
hm could be true  
what should i do  
should i decide to let it slide

i just don't know if i can trust you  
i just don't know if i can trust you  
i know one day i'm gonna bust you  
i just don't know if i can trust you

what have i become  
the old me is gone  
what have i become

the old me is gone

eifersucht ist eine leidenschaft  
die mit eifer sucht was leiden schafft  
I got feeling can't find no healing  
I got feeling can't find no healing  
i just don't know

what have i become  
what have i become  
the old me is gone  
the old me is gone

STEADY AND SLOW

sometimes i wonder  
why it always takes so long  
why i always got to be strong  
and patient

sometimes i wish i  
i wish i had what other people have  
i wish i did what other people do  
and i can't

but than i recall  
what a good friend once told me  
you got to remember where you're from  
and i'm a mountain girl  
and the mountains are my home

and people, people from the mountains  
they sure do know  
if you want to reach the top  
you gotta walk slow

that's the way to go  
steady and slow  
if you want to reach the top  
you got to go  
steady and slow  
if you don't want to loose your breath  
you got to go  
steady and slow
